A message to our customers and friends -

we endeavor at all times to give high

quality stock, knowing from experience #1

bulbs and plants give stronger stems and

larger blooms, and more pleasure. We re-

quest permission to substitute if sold

out of a named variety, with plants of

similar color and quality and price. We

will use our discretion in substituting

unless you specify second choice, or that

a refund is desired. The labor situation

is critical and we are operating short

handed, so order early. Orders will be

shipped at the proper planting time. No

shipments will be made after June 10th, as

plants get too large to be sent success-

fully. We extend our hearty and sincere

wishes for your success in creating beauty.
